## IS THE BIBLE REALLY INTERESTING?

Somewhat recently, my old professor, Dr. Duff, has published in book-form the lectures he has given the students.

It was the Doctor who made the Bible a living book to me, and I should be glad if I could pass on a little of that benefit to my friends.

During the winter I intend each Sunday morning to take a lecture from the book at 10:15.

The friends who come will gain a real knowledge of present-day thought of the Bible.

The first lecture will be next Sunday, Jan. 27.

## STOP! CALOMEL IS QUICKSILVER

It's mercury! Attacks the bones, salivates and makes you sick.

There's no reason why a person should take sickening, salivating calomel when 50 cents buys a bottle of Dodson's Liver Tonic—a perfect substitute for calomel.

It is a pleasant, vegetable liquid which will start your liver just as surely as calomel, but it doesn't make you sick and can not salivate.

Calomel is a dangerous drug. It is mercury and attacks your bones. Take a dose of nasty calomel today and you will feel weak, sick and nauseated tomorrow. Don't lose a day's work. Take a spoonful of Dodson's Liver Tonic instead and you will wake up feeling great.

No more biliousness, constipation, sluggishness, headache, coated tongue or sour stomach. Your druggist says if you don't find Dodson's Liver Tonic acts better than horrible calomel your money is waiting for you.—Advertisement.

events for the day. This led to a very interesting discussion of the needs for better sanitation regarding bacterias and other food producing places in El Paso. Mrs. W. S. Tilton reported for the civic committee of the club, which is making the weekly inspection of these places with the city health officer. She said the officer was not properly backed by the city, that often there were no ordinances suitable to the situations he met and that in most of the ordinances the requirements were not strict enough to enable the sanitary officer to compel better sanitation.

This provoked considerable discussion, as all of the members interested in this part of the city's house keeping, which so directly affects their homes. After a number of the club women had spoken on this topic, a motion was made by Mrs. Olga Kohlberg, carried by the vote of the department, to refer to the city attorney for a committee to be appointed by the city department chairman, to confer with the city attorney regarding bettering this condition. Among those speaking on this topic were Mesdames L. L. Robinson, W. C. McCormick, Joseph L. Dwyer and D. V. Tennessee.

The social reform resulting from the writings of Charles Dickens was ably discussed in a paper, written by Mrs. L. J. Locke and read by Mrs. Fred C. Kollensberg. Mrs. Locke spoke of the far-reaching effect of Dickens' writings as an emancipation of children. The establishment of play as a necessity in the child's life; repudiation of the old-fashioned idea of corporal punishment for school children; the recognition of the necessity of special schools for defective children and the important part that the proper feeding of the child takes in its mental development. Mrs. Kollensberg, treasurer of the club, said, now are so well understood and accepted that it is hard to conceive that other ideas about them were ever possible.

Mrs. Frank Fucille, Jr., discussed the moral reform as depicted in Dickens' works. This writer, who deals principally with English life, and his protests against the artificiality and conventions of the upper classes, was interestingly presented by Mrs. Fucille. Mrs. W. C. McCormick told of the workings of the city health officer, and the ordinance providing for its management.

In the very brief business meeting, held at the opening of the afternoon, Mrs. H. E. Christie, the department chairman, presided. She announced that Mrs. W. S. Valentine had been appointed from the general nominating committee of the club.

Mrs. D. V. Tennessee announced that Mrs. Will T. Owen would represent the music department on the nominating committee.

Mrs. Frank W. Seward announced the meeting of the art department for next week. Old Samplers and the art of interior decoration, will be discussed.

Mrs. W. S. Tilton announced for Mrs. Carl Lee Smith, the chairman of the civic committee, that the civic committee would conduct an open meeting Wednesday afternoon, Jan. 27, in the club house, giving an interesting program dealing with topics concern-

ing the health and welfare of the community. W. M. Martin, of the Rockefeller Foundation, will be one of the speakers.

Mrs. Robert L. Holliday sang "Sylvia," with Mrs. J. J. Pearce playing her piano accompaniment. Mrs. Henry T. Bowie, president of the Young Women's Christian association, talked on the scope of the work of the Y. W. C. A., the number of young women it serves, the educational and social and protective advantages it offers to the women of the city and the pressing need for an adequate building in which to conduct the work. She asked the endorsement of the club to the coming building campaign which was given with enthusiastic applause.

Following the meeting, Mrs. Bowie served tea in the hall of the club. Pink flowers and pink candles, in crystal vases, decorated the tea table.

A meeting of the woman's missionary society of the Highland Park Methodist church, south, was held Wednesday afternoon in the church, with an attendance of 15 present. Mrs. Lawrence Funk presided. The meeting was opened with devotional exercises.

C. B. Bette read the scripture lesson and Mrs. H. Pope Bond led the prayer. The membership contest, was closed with the Red team winning, having gained maintenance of 22 of the Blue team. The losers will entertain the winners and their friends, and also all the members of the church, with a retained 21 members to 25 of the Blue team, January 28.

Officers of the Just La Girls club were elected at the meeting of the club, held Wednesday evening at the home of Miss Evaline Steadmond, on Avenue D. Mrs. J. N. Mayfield was elected president; Miss Evaline Steadmond, secretary; Miss Lois Geddes, treasurer; Miss Agnes Borrego, reporter; and Mary Steadmond, assistant reporter. The evening was spent informally in playing games. Miss Hintz will be the next mistress of the club, entertaining on January 31.

The members of the Kensington Embroidery club met at Mrs. N. Mayfield, 1501 North Kansas street, on Wednesday afternoon. In addition to the regular members, Mrs. Charles Rader, Mrs. S. A. Vaughan, Mrs. Frank Gerton and Mrs. Campbell were present. A two course luncheon was served. On January 21 the club will meet at the home of Mrs. Lora Hoskinson at Vinton, Texas. The members will take the morning train and spend the day at Mrs. Hoskinson's home.

On account of the illness of so many of the members of the 20th Infantry Croquet club, the meeting, which was to have been held Wednesday afternoon, at the home of Mrs. K. E. La Rock, has been indefinitely postponed.

The monthly meeting of the Women's Christian Temperance union will be held Friday afternoon, at 2 o'clock, in the down town rooms of the Y. W. C. A.

The Junior auxiliary of the church of St. Clements, will meet next Wednesday at the home of Miss Joy Crutchfield on Montana street.

## EL PASO HERALD Like Breath of Mountain Air Is This Visiting Woman Lawyer

By RUTH MONRO AUGER.

HAVE you ever been high up in the Rocky mountains and after working up the trail along the dark cañons, come suddenly to the top of the hill into the glory of the sunshine, with the exhilarating fresh air sweeping through the pass, making you want to expand your lungs to the limit, to take in just as much of that air as possible?

Well, that is the sensation that Mrs. Florence Ramey produces. She is the most fascinating, stimulating, altogether refreshing human I have been admitted to her own home. She is a successful attorney in San Antonio. But here is where Mrs. Ramey makes such a particularly strong hit with me. She is successful in the most of the most advanced thought in the woman movement, which claims that a woman has just as much right to her own individuality as a man. There are others like Mrs. Ramey in other parts of our country, but in her state she is a pioneer. Texas is her home and the University of Texas her alma mater, but the wonder is, how did she ever do it?

Mrs. Ramey is happily married and has a lovely little six year old daughter. Her husband is a successful business man of San Antonio. She and her husband maintain offices at the same office building with a joint reception room and a joint stenographer. Mrs. Ramey handles the law end of her husband's business, for which she receives the same fee he would have to pay an attorney outside of the family. Mrs. Ramey, however, does not neglect her home in any way. She has a beautiful home in the market ray article of food that is used on her table. Incidentally she pays cash for everything. Every morning she serves in the joint office the day's meals and receives from the maid the list of things needed for the day, which Mrs. Ramey purchases before going to her office. This makes this beautiful plan possible, is that Mrs. Ramey is lucky enough to have a woman for her maid who is almost as remarkable as Mrs. Ramey herself. She is a German and a graduate trained nurse. She prefers settled domestic life to working at her profession, so she serves in the joint office of governance of Mrs. Ramey's little daughter and housekeeper, and as a wife and mother.

Mrs. Ramey conducts her household according to a routine schedule of almost machine-like regularity. Her little daughter is raised according to the most advanced scientific methods.

### Dances.

The usual pleasant crowd attended the post hop at Fort Bliss Wednesday night. The music was played by the 20th Infantry band.

The regular weekly dance of the West Valeta Country club tonight, will not be held, on account of the cold weather, however, that the dance next week will be given as usual.

About 150 people attended the dinner dance given Wednesday night in the community hall of Temple Mt. Sinai by the women of the Aid society of the temple. The dinner was served in six courses. Pink appetizers, a number of short tables, which were arranged about the sides of the hall, an orchestra played the dance music. Mrs. J. Callisher, in charge of the affair. On the committee assisting were Mesdames M. Atkin, C. Amer, Sam Blumenfeld, Victor Caruso, Bella Dillon, Charles Givens, M. Goldman, A. Harris, Harry Herman, A. S. Jacobs, Robert Krakauer, Ben Levy, Sam Given, J. A. Edson, E. Sanders, David Schwartz, Edward J. Taylor, I. Winner, Edwin Wisnium, I. M. Alexander, Henry Picard, Karl Goodman, Mary Rosenwasser, J. Amstater and Mrs. J. A. Holman. A by the way the younger set who assisted in serving were Mesdames Theresa Herakowitz, Norma Herakowitz, Selma Herakowitz, Ruth Jacobs, Lillian Wisnium, Frieda Lashin, Margaret Laakin, Ruth Schwartz, Ray Ginsburg and Paula Krupp.

### Weddings.

Miss Helen Horton and Bart L. Hilburn were married by Rev. Henry Easter, Wednesday night, in the chapel of the Church of St. Clement. Only a few of the most intimate friends were present. The bride wore the suit of dark blue serge, stitched with white. The coat was made in the normal style with big patch pockets. Her folk style with big patch pockets. Her folk style with big patch pockets. Her folk style with big patch pockets.

The bride was the daughter of J. A. Horton, of Las Cruces, N. M. The groom is connected with the First National bank.

### El Pasoans Returning.

J. H. Bromberg, who has been in the east for some time, for a short time, has returned to El Paso. He was accompanied here by his nephew, Joe Prasky, who will be the guest of Mr. and Mrs. Bromberg for some time.

Mrs. Percy Deshon is here for a short visit with her sister, Mrs. J. Davis Mayfield. Mrs. Deshon will be remembered as Miss Hattie Ellis. Her husband, Lieut. Deshon, of the field artillery, is at present in San Francisco, awaiting orders for station. They have been stationed in Honolulu for the past few years.

### The Army.

Lieut. Thomas G. Hearn, who has been here for some months on detached service, left Wednesday to rejoin his regiment, the Sixth Infantry, in Mexico.

### Instant Hair Stain Better Than Slow "Restorers"

Some folks would have you believe that hair color can be restored. Some folks would have you believe that hair color can be restored. Some folks would have you believe that hair color can be restored. Some folks would have you believe that hair color can be restored.

There is only one preparation so far as we know that is entirely free from sulphur, lead, silver, mercury, zinc, saltpetre, coal tar products or their derivatives. This preparation is called "Brownstone." It is so easy and safe to apply that the wonder is that anyone ever uses anything else.

"Brownstone" instantly tints the hair to any shade of brown (or black) that may be desired. If the gray shows on your temples or at the streaking your hair, if the ends of your hair are lighter than the balance, or if for any reason you wish to stain all or part of your hair—use "Brownstone."

A sample and a booklet will be sent you (from manufacturers only) upon receipt of 10c. Mention shade desired. "Brownstone" Two sizes, 25c and 50c. Insist on "Brownstone" at your hairdresser.

Her food is measured by ounces so that she gets the exact proportion of the various necessary substances, consequently she is rarely ill. According to the Binet school of measurement, the child is equal to eight years old in body and 11 years old mentally. Her mornings are spent in kindergarten and the afternoon in study.

Mrs. Ramey and her husband are not only lovers, but the best of companions and chums. Each having separate business interests, their lives are rounded by experience and contact with the outside world and then, after their day's work, they have the common interest of their home together.

Mrs. Ramey's life demonstrates that the success of the home does not depend upon the woman being in it all the time, but upon the kind of a woman she is. Mrs. Ramey took up the study of law after she was married and after a concentrated study of only seven months, passed her examinations successfully and was admitted to the bar. In appearance she is delightful, feminine and attractive. She has a pretty dimple, a lovely lot of dark brown hair and a most magnetic personality. Mrs. Ramey is here to act as interpreter for Dr. Ben Zion Moskowitz, who is to lecture at Temple Mt. Sinai at the Friday night service.

Mrs. R. May, of Pittsburgh, Penn., a sister of Mrs. J. Callisher, and Mr. and Mrs. Victor Self Post, of Fort city, cousins of Mrs. Callisher, will arrive Friday to spend four days here. They will be at Hotel Paso del Norte. They are on their way to California, where they will visit for a time before going to Honolulu. They are well known in El Paso, as they have been here many times and so, on Sunday afternoon, Jan. 4 to 6 o'clock, they will be at home to their friends at Hotel Paso del Norte.

Mrs. J. A. Corode, of Grand Rapids, Mich., arrived in El Paso Wednesday to visit her sister, Mrs. J. F. Williams, on West Rio Grande street. Mrs. Corode was accompanied by Miss Mary Gates (Edmond), who has been her house guest for some time. Miss Edmond will spend the winter with her grandparents, Mr. and Mrs. Charles R. Morehead.

Miss Edna Hirschinger, of Charlotte, N. C., is the house guest of Capt. and Mrs. Victor Self Post, at Fort city. Miss Hirschinger will be the guest of honor tonight at dinner at the dinner dance of the Country Club. Col. and Mrs. Joseph Giffard will be the hosts.

W. M. Arrington and family, of Wichita Falls, Tex., have located in El Paso and are stopping at the Hotel Paso del Norte.

### School Notes.

Senior day at the high school Wednesday, was celebrated by the members of the Pi Omega class, which graduated the evening of this month. The seniors, wearing badges in their class colors of purple and gold, visited all of the classes of the school through the morning at 10 o'clock. They enjoyed a luncheon at Hotel Paso del Norte. Violets decorated the table and violet and gold flowers ornamented the place cards. Mrs. J. M. Frank, head of the department of English at the school, accompanied the class and acted as hostess. A number of short informal talks were given by the students. Following the luncheon the seniors formed a line party at the matinee performance of "Fair and Warmer" at the Texas Grand theater. Those of the class who attended these events were: Frances Mayer, Margaret Burr, May Belle Kuller, Theresa Herakowitz, Mary Heermans, Pauline Anderson, Mary Jensen, Marion Young, Nadine Porter, Catherine McEnery, Myrtle Rednfield, and George Matkin. The class will be the guests of honor at a dance to be given Saturday night, in the Woman's club building, by the members of the Nu Sigma class which graduates in May.

### El Pasoans Away.

Mrs. Florence L. Hines will leave today for Fort Stockton. Later she will join her son, Pierre Hines, in Birmingham, Ala., and may be away for some time.

Mr. Joe Clements and little baby left this morning for Tucson, Ariz., to join Mr. Clements, who has recently gone there to enter on his duties as circulation manager of the Tucson Citizen.

### HOROSCOPE.

Friday, January 19, 1917.

THE early hours of this day are fortunate, according to the reading of astrology. Neptune, Venus and Mars are all in benefic aspect. Later Jupiter, Saturn and Mercury are adverse.

It is a time to deal with artists, authors and inventors. All who are dreamers should benefit greatly in the next few months, which are likely to bring inspiration of the highest sort.

Neptune gives aid to all who are interested in shipping, fishing and business connected with chemicals, but warning is given of shipwrecks and losses later in the month.

There is a sign read as promising fortune to those who deal in fine food-stuffs, especially things that are put up in tins and bottles. This sign, in ultimate meaning, is interpreted to mean that supplies will be sent to distant markets not previously lucrative.

Theaters and all who bid for public favor beneath their roofs are under promising direction. It should be a lucky day for first appearances.

Hotels and restaurants, which came under a most beneficial direction many months ago, will continue to prosper in large cities.

A new pastime is prognosticated. This may become as popular as dancing and skating and be less desirable, the seers declare, and they have long given warning that overindulgence in amusement precedes disaster to a nation.

Mars gives promise that military affairs will be much discussed in the United States and that officers will be honored with national responsibilities.

Labor and manufacturing problems will disturb congress. It is predicted. Sudden changes in the cabinet next month, or before the end of March are prognosticated.

Mars presages frequent rumors of trouble for the United States, growth of the martial spirit in certain quarters and even war scares which will come to naught.

March will be a period of dangerous unrest among the Kaiser's subjects. It is predicted, as Socialists will make progress and discontent will grow. Persons whose birthday it is should not speculate during the coming year. If they attend strictly to business they should succeed.

Children born on this day are likely to be quick, active and ambitious. Girls may not be fortunate in marriage.

"I might give you a formal prescription, but what's the use! It would cost you more than a jar of Resinol and I shouldn't be nearly as sure of the results! During that time I have tried out dozens of new ways of treating skin-troubles, but I have always come back to Resinol—I know that it stops itching at once, generally heals the eruption, and that it contains nothing which could irritate the skin.
